

CLEANING MANAGEMENT SYSTEM

17 PHENOLIC DISINFECTANT

Why it's a better cleaner

- The Cleanworks® System dispenses it right...every time
- Effective disinfectant cleaner and deodorizer for most nonporous hard surfaces
 - EPA registered, meets OSHA bloodborne pathogen standard for environmental surfaces
 - Meets NFPA 56A for conductive flooring. Approved for surgical areas
 - Won't dull high gloss floors

#17 Phenolic Disinfectant is designed to be used with the Cleanworks® Cleaning Management System. The system dispenses precisely diluted disinfectant detergent with the touch of a button...ready to use as a spray/ wipe or mop-on cleaner. Highly concentrated formula saves storage space and helps reduce disposal costs. Cleanworks® is simple, accurate and safer to use.

The cleanworks® Cleaning Management System is subject of U.S. Patents No. 5037003, 5083677, & 5228598

How it cleans

Dispense precisely diluted disinfectant cleaner into a clean, empty container. If solution is for reuse, properly label RTU container.

CLEAN DISINFECT:
Remove gross soil mechanically before cleaning begins.

Apply solution with wiper, mop or sponge, making sure to wet all surfaces thoroughly. Discard solution when it becomes dirty and replace with fresh solution.

Allow surfaces to remain wet for 10 minutes. Remove excess liquid and let air-dry.

Dispense 1,285 quarts or 321 gallons of ready-to-use disinfectant cleaner from the 1.25 gallon concentrate of Cleanworks® #17 Phenolic Disinfectant.

Where it cleans

- Floors
- Walls
- Plastic
- Painted surfaces
- Any washable surface
