

CLEANING MANAGEMENT SYSTEM

#21 No Rinse Floor Stripper is designed to be used with the Cleanworks® Cleaning Management System. The system dispenses precisely diluted stripper with the touch of a button...ready to use. Highly concentrated formula saves storage space and helps reduce disposal costs. Cleanworks® is simple, accurate and safer to use.

The cleanworks® Cleaning Management System is subject of U.S. Patents No. 5037003, 5083677, & 5228598

21 NO RINSE FLOOR STRIPPER

Why it's a better cleaner

- The Cleanworks® System dispenses it right...every time.
- Works fast, saves time and labor
 - Residue-free formula - No need to flood rinse
 - Low Odor - Ideal for use in round-the-clock operations.

How it cleans

Dispense precisely diluted cleaner into a clean, empty container. If solution is for reuse, properly label RTU container.

Apply solution at rate of 150-300 square feet per gallon. Apply enough material to ensure complete wetting.

Allow to stand 5-10 minutes minimum. DO NOT ALLOW SOLUTION TO DRY. Re-wet as needed.

Scrub floor with floor machine using a proper stripping pad to break softened film. Flip pad and replace as needed.

Pick up solution with wet vac or automatic scrubber, if not available, use damp mop for pick-up. If mop is used for pick-up, use extreme care to remove all residue and change water frequently.

(Before applying sealer or finish). Damp mop with clean, cool water to remove all residues, and allow to dry.

Dispenses 18 gallons of ready-to-use stripper from the 1.25 gallon concentrate of Cleanworks® #21 No Rinse Floor Stripper.

Where it cleans

Recommended for any waxed surface, such as floors in:

- Public areas
- Bathrooms
- Offices
- Schools
- Grocery stores
- Hospitals
